Varieties:		Week 50	Week 51	Week 52	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7
<b>Roseann:</b> First variety exported out of NZ. A dark cherry with average size. Can only be airfreighted	2003-4 2004-5										
<b>Dawson:</b> A small dark cherry which travels well and has high sugar. Volumes are decreasing rapidly.	2003-4 2004-5										
<b>Stella:</b> A heart shaped cherry which ranges in size. Travels well, was the mainstay before sweetheart.	2003-4 2004-5										
<b>Bing:</b> Similar to Dawson. Volumes are also decreasing due to unfavourable timing for export markets.	2003-4 2004-5										
<b>Sonnet:</b> A large cherry which can only be airfreighted, has high sugar.	2003-4 2004-5										
<b>Summit:</b> A large cherry which is slightly redder. Can only be airfreighted.	2003-4 2004-5										
<b>Rainier:</b> A white flesh cherry with very high sugars but limited availability.	2003-4 2004-5										
<b>Sam:</b> A softer dark cherry with average size, which can only be air freighted.	2003-4 2004-5										
<b>Lapins:</b> A large dark cherry of which there are significant volumes available.	2003-4 2004-5										
<b>Modesto:</b> Similar to Dawson. Limited volume available	2003-4 2004-5										
<b>Kordia:</b> A new variety in 2004-5 which seems to survive rain. Good firmness but limited plantings.	2003-4 2004-5										
<b>Sweetheart:</b> Very popular to growers and buyers. Large, late and sweet. Travels very well.	2003-4 2004-5										
<b>Sweet Valentine:</b> Le Fresh has exclusive rights to this. A Lapins sport which is later.	2003-4 2004-5										
<b>Romance:</b> Another late Lapins sport, less plantings than Sweet Valentine.	2003-4 2004-5
